## **PRESIDENT'S MESSAGE** by John Henson

Congratulations to Fred Bauer for winning the June Poker chip drawing. The prize amount had been "rolled over" for a few months and was \$40. Remember that the only thing you have to do to be eligible to win is be present at the meeting when your name is drawn. The drawing for July will be reset at \$10 and everyone has an equal chance at winning.

I would like to take a minute to remind all new members that when you join the VHFC not only are you a member but your spouse is also a co-member. Please invite your spouses to come to the meetings. I know some of the ladies: Flo Williams, Arleen Logan, Lorraine Wetmore and Susan Gabler are some of the "regulars" at the monthly meetings and very competitive in the fish-catching department. All co-members are also eligible for fish of the month and fish of the year awards, as well as all club activities. We take pride in our club, so please ask them to join us.

It was nice to see the enthusiasm of the membership when asked about the VHFC club hats, and the

thought of a future fleet outing at the June meeting. We will try to get the details ironed out and have the hats available to all members as soon as possible. Dave Sikorski will be handling the details for the fleet outing. I'm sure Dave would appreciate some help in planning this event so if you are interested in helping please contact Dave.

How about the weigh-in drawing that John Kleban announced at the June meeting! What a great idea! John will be handling all the details and coordinating the drawing. If you have any questions, be sure to catch John at the meeting or contact him through the club web site at [www.VHFCclub.com](http://www.VHFCclub.com). All you have to do is catch the fish and weigh them in. Every fish that you weigh in is one more chance that you will have at winning one of the three gift certificates that will be given away.

Don't forget this month's general membership meeting will be the last chance to purchase your raffle tickets for the custom fishing rod, as the winner will be drawn at the end of the meeting. Tickets are \$5 and are still available. For all the details on the rod see Vince Sibona and to purchase tickets see Bill Logan.

There are a couple of events coming up at the VHFC in the next month or so. The annual Fluke and Sea Bass tournament is scheduled for August 8 and the tournament Chairman is Bill Logan. Bill and Arleen put a lot of effort into this event and it is not one you want to miss. Also coming in August is the 2009 VHFC Dinner Dance. The chairmen for this event are Ed Wetmore and Bill Logan. They will have the details at the July meeting.

We have had some good fishing available lately despite the persistently rainy weather. I read a report that claimed we had rain on 23 of the 30 days in June. In spite of this, the wreck fishing has been good with

lots of Sea Bass being caught along with some hefty, although they have to be released, Tog. There have been numerous big Stripers being caught, both by boat and in the surf, with some of them tipping the scales at the local shops in upwards of 50 pounds! I have also heard of some good fluke fishing in the bays and some big fish are hitting the scales. If you are a bay fisherman now is the time to look for that doormat before they move out into the ocean.

I had a chance to fish with fellow club member Bill Dabney a couple of weeks ago. Bill invited me to join him on his "Ice Wine" for some fluke fishing in the bay. We drifted the clam stakes in Great Bay and had a steady pick of fish, although they were mostly shorts, all day. We ended up with only one keeper at a little over 20 inches and 3.5 pounds. It was my first keeper fluke for the season and counted toward my eligibility for the Captain Melanie Boytos award for 2009. Not only is Bill a good fisherman but he is also a great host and a pleasure to spend the day with. So get together with a club member and do some fishing. You might catch some fish and make some new friends along the way. Thanks Bill, I had a great time.

See you at the scales,

John H

**2009 TROPHY FISH OF THE YEAR STANDINGS** by John Kleban

Blackfish	No Entry	
Bluefish	11.15 lbs.	Jeff Barnhart
Fluke	5.69 lbs.	Jeff Barnhart
Sea Bass	1.22 lbs.	John Lyszczarz
Striped Bass	36 lbs. 12 oz.	John Kleban
Weakfish	4.4 lbs.	Skip Deckman
W. Flounder	1.11 lbs.	John Lyszczarz

**2009 TROPHY FISH OF THE YEAR PROGRAM** by John Kleban

The same seven species will continue for our 2009 Trophy Fish of the Year Program.

Blackfish
Bluefish
Fluke
Sea Bass
Striped Bass
Weakfish
Winter Flounder

The rules are simple: you have to catch a fish of the above species, take it to one of our official weigh stations to have it weighed and recorded on our official weigh-in forms. If you have weighed in the largest fish of a particular species for the calendar year 2009, then you win the FOY trophy for that species. Note: your dues have to be paid before you catch an eligible fish.

**2009 FISH OF THE MONTH AWARDS** by John Kleban

There were no Weakfish weighed in in May. Could you have been the one to win the \$50 gift certificate if you had weighed in that Weakie you caught?

The award for Fluke will be announced at the July General Membership meeting.

**2009 FISH OF THE MONTH AND FISH OF THE YEAR AWARDS** by John Kleban

Due to changes in New Jersey Fishing Regs, there are changes in the 2009 Trophy Fish of the Month Program:

March & April	Winter Flounder
May	Weakfish
June	Fluke
July	Bluefish
August	Fluke
September	Sea Bass
October/November	Striped Bass & Bluefish

Fish of the Year & Month standings are recapped and updated on our website frequently. Click on the site to get current standings.

**FLUKE IN THE MIDDLE GROUNDS** by Basil Dubrosky

On June 24 Bill Dabney and I fished the middle grounds in the bay in my boat and caught 4 Fluke over 20 inches. Bill caught the largest fish at 25 1/2 inches and 5.53 pounds. We fished the incoming tide with cloudy and rainy weather. The fish were caught on Gulp shrimp, new penny pattern on a 3/8 ounce flat head hairless orange jig. I also caught a Trigger Fish which was quite a surprise.

**Basil & an Odd Catch!**

**FOLLOWUP ON JUNE'S SPEAKERS** by Bill Dabney

The fluke fishing techniques that our speakers, Bill Donovan and Darrin Dorris, described at our last meeting do work. I caught the bigger fluke, 26in-5.5 lbs, on a white bucktail tipped with a 3 inch Gulp, new penny shrimp while fishing with Basil Dubrosky at the Middle Grounds. We caught four fish all over 20 inches and 3 lbs.

**Nice Fluke, Bill**

The fish had Manta Shrimp in the stomachs. You will notice in the picture that the new penny shrimp looks very much like these large Manta Shrimp. This time of year the larger fish are in the bay so get out and get them before they go back out to the Ocean.

**Bill Shows Us Proof That Our Speakers Know What They're Talking About!**

**FLUKE FISHING** by Vince Sibona

Saturday, June 13, 6:30 AM, we left my dock and headed out to the Little Egg Reef. On board the SEA BONA, I had with me, John Lysczarz, Jeff Barnhart and Bill Farris. It was a beautiful sunny day except when the fog rolled in late morning for about an hour. Wind was 10 knots out of the East and seas

were 2 to 3 feet. Water temperature was 65 degrees. We had a perfect drift from East to West across the entire reef diagonally. We started catching fluke as soon as we dropped our lines in the water. We had 4 keepers out of about 25 fish. Jeff had one at 20 inches that weighed in at 2.39 lbs. and one at 19 1/4 inches that weighed in at 2.29 lbs. Jeff had just started eating his favorite peanut butter and jelly sandwich on whole wheat bread when he hooked the 20 inch fluke. He had to put down the tasty sandwich to reel in the fish. I had one at 18 1/2 inches and Bill had one at 18 inches. We made 3 drifts and were still catching fluke when we drifted off the reef 1/2 to 3/4 of a mile.

### **POKER CHIP DRAWING UPDATE** by John Henson

Each month, we will draw the name of a member at our meeting. If you are present you will win \$10. If the winner is not present, the next month the prize amount increases by \$10. July's prize will be \$10 for the lucky member if he is present for the drawing!

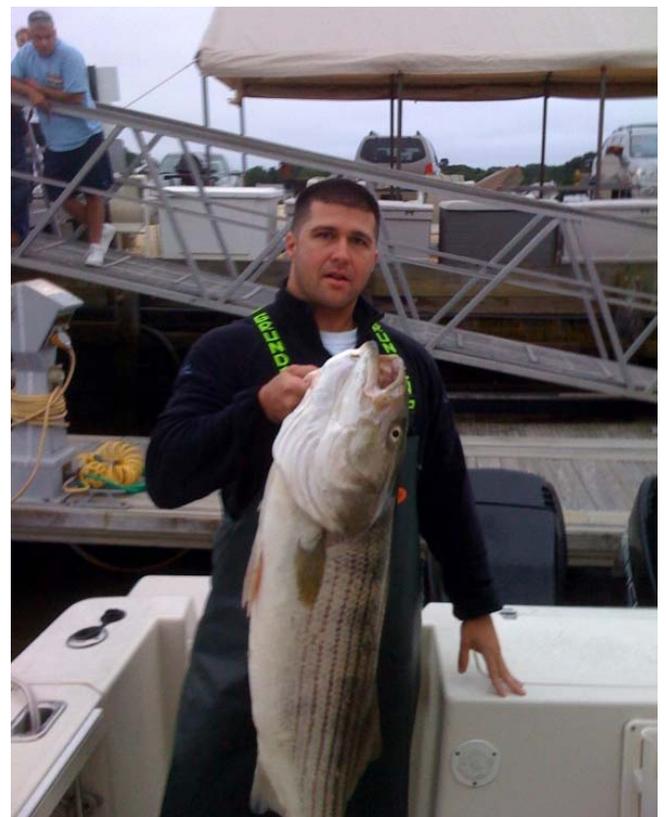

### **JULY SPEAKER INFO** by Bill Dabney

Don't miss our July meeting. Bill Figley, the dean of offshore reef fishing and the past coordinator of the New Jersey reef fishing program is going to pull out all the stops and share with us all his fishing secrets from his old fishing logs and his thirty years as a fisheries biologist with the N.J. Dept. of Wildlife Management. His talk will concentrate on the little known but very important aspects of how tides, water temperature, water conditions and small structure affect fishing. Everyone should come prepared to take notes and ask questions.

### **STRIPER FISHING REPORT FOR JUNE 13TH**

by Charlie Daddona

I snuck out of the house for some stripers Saturday. Live lined hearing and bomber lures. I had about an hour of amazing action starting around 5:45 pm, after trolling spoons for 2 hrs with no luck.

## **CLASSIFIED ADS** by Ray Williams

Classified ads may be placed free of charge by any club member for non-commercial fishing related items. Please contact me at 978-1480 if you wish to place a free ad. Please contact me if you wish to renew an ad from last year.

## **FISHING WITH CLUB MEMBERS**

Members may place free ads in this section if you wish to find someone to fish with. Maybe you need to find someone with a boat or you are interested in finding someone to share expenses on your boat. Contact Ray Williams at 978-1480 to place your ad.

Ads from last year need to be renewed for this year!

Walter Maier, a new member, is looking for members with boats who might want to take him fishing with them. He is willing to share expenses. He has been out with several of our members already. He is available most days & lives in the area; his number is 609-489-0779.

## **HELP WANTED AT MEETINGS** by Ray Williams

Your Board is asking for some help at the monthly meetings. We are in need of someone to greet our members as they arrive & take attendance. In addition, we need someone to help with refreshments. If you can help, please see me.

## **JUNE SPEAKERS SENSATIONAL** by Ray Williams

Bill Donovan & Darren Dorris spoke to our members and guests at the June Meeting. The topic was “Fluke Fishing in Shallow Water.” Before their presentation, Bill gave us some info regarding expanded activities by NJ Angler Magazine. The magazine’s TV shows are now on NJAngler.com. In addition, NJ Angler now offers “NJ Angler University” on their website, NJAngler.com. These programs are web based seminars available for \$9.95 and are offered live.

Some of the tidbits offered by Darren & Bill at their talk are: Fluke migrate east to west in the bay in the spring. The biggest fish are caught in the bay between May & June. In the spring, Fluke like the warmest water. In targeting Fluke, look for an outgoing tide, afternoon sun, creek outflows, and channel edges adjacent to expansive shallow flats. Transitional Fluke are found through blind drifting & are moving from one feeding station to another. Stationed Fluke are positioned at key ambush locations usually in dense schools of similarly sized fish and feed very aggressively.

Fluke go deeper as the day goes on due to better light conditions. You can fish for Fluke while anchored if you look for the right places to find stationed fish. Cast your lures & present them with the current. In conditions where the wind is opposite of the current & stronger than the current, your presentation will look unnatural to your targeted Fluke. White bucktails in the 3/8 to 1/2 ounce work very well. Use a short 12 inch leader of 20 to 30 pound fluorocarbon. One hook works better than 2 and only jig the rod up and down 1 to 2 inches. Braided line works very well with a light bucktail & will help keep the bucktail on the bottom and allow you to feel your lure at all times. You can tip your bucktail with a 4 inch strip of meat such as herring squid, or a Gulp New Penny Shrimp. Many other tips were offered. Those of you who missed the meeting missed a lot of very good info.
