PRESIDENT'S MESSAGE by Joe Filice

I would like to thank the Board for all their hard work in July. I was unable to make the board meeting due to a family emergency. Vince took over in my absence and everyone chipped in to make the meeting a productive one and planned out the general membership meeting. I can't say enough about this dedicated group. They make the president's job easy. Thank you, thank you, and thank you.

Thanks to all who attended the July meeting. Once again we had a great speaker in Jim Hutchinson, Jr. - Managing Director - Recreational Fishing Alliance. I was unable to attend, as I was on a Mission Trip in Frakes, KY, but from emails I received, it was well received and valuable information was imparted to the membership. This month our speaker will be Capt. Jeff Davis, Let it Fly LLC (Custom designed and built fishing rods). He will give a presentation on "Destination fishing, rod building, fly fishing, and local fishing. This promises to be a great presentation and I'm looking forward to gaining more valuable information.

I hope everyone is having a great summer and catching fish. The whole goal of our club is to make us better fishermen & Fisherwomen. Please give some thought to sharing your experiences this past month on the water with the membership during our end of meeting exchange.

The in club Fluke Tournament has been running July & August. I have yet to get back down since June, but hope to get out a couple times in August and weigh in some Fluke. As I said last month, this is a great opportunity for some friendly competition and a chance to win some cash.

As I have said in past messages, the club is what you make it and your participation is necessary to our success now more than ever. Please consider participating. The more people who step up, the less everyone has to do. Until we meet again I wish everyone tight lines and good health.

2012 TROPHY FISH OF THE YEAR PROGRAM by John Kleban

The same seven species will continue for our 2012 Trophy Fish of the Year Program.

Blackfish
Bluefish
Fluke
Sea Bass
Striped Bass
Weakfish
Winter Flounder

The rules are simple: you have to catch a fish of the above species, take it to one of our official weigh stations to have it weighed and recorded on our official weigh-in forms. If you have weighed in the largest fish of a particular species for the calendar year 2012, then you win the FOY trophy for that species. Note: your dues have to be paid before you catch an eligible fish.

FISHING REPORT by John Kleban for July 28, 2012

For several years Paul Galasso and I have been fishing Bluefish Tournaments. This year we have fished 4 Tournaments (so far). Each one of these Tournaments is for a very worthy charity. The Greater Atlantic Bluefish Tournament (GABT) is for families that need help. The other three are for disabled children. Besides being for a very worthy charity the tournaments are a wealth of information. It causes the crew to function as a team and also allows one to see the results of many other fishermen's fishing ventures. We had a very interesting time in the GABT. There were about 65 boats entered and only about 75 Bluefish caught. Two boats had about 50 fish between them and the other 63 boats had about 25 fish between them. We only had 2 fish but still finished a very respectable 7th place. Time management is a very important part of the tournaments and this is where the team effort works best. In the GABT one boat at 1 minute to 4:00 PM said he was 2 minutes away from the committee boat. The rules are that the committee boat must see the entry prior to 4:00 PM. He was 1 minute late and disqualified. We got stuck behind a boat under tow in the channel at 15 minutes before 4:00 PM and notified the committee boat where we at since he could not see us. Luckily he gave us the benefit of the doubt. In the Sunshine Tournament we were very fortunate to catch the two largest fish entered. Yesterday we were entered in the Absecon fishing tournament. As before all tournaments we check entries in the logbooks for that time of years going back many years. After developing a plan we try and follow it with some backup in the background. We went to the place where we caught the fish in the Sunshine Tournament, but quickly found out it was loaded with grass. There were bait reading so we tried to find clear patches of water in that area. After an hour and a half it was decided to move to another area. Over thirty years ago I did a lot of shark fishing 30 to 40 miles east of LBI. My logbooks are loaded with Loran number of where the Sharks were caught. Bluefish were always present. Paul suggested a move to a new location and I agreed since more than 30 years ago I had excellent results at this location. We

move there and were rewarded with over a dozen Bluefish over ten pounds. We were able to leave early and have plenty of time to get to the weigh-in station. As we started to travel down the Parkway we got caught in a severe downpour which brought the traffic to a standstill. The clock kept moving but luckily so did we to make the weigh-in. Just after the weigh-in closed an angler drove up and was notified he was too late. He quickly drove away. There was only one other Bluefish weigh-in at about 3 pounds. The contest was for the combined weight of three fish so we won this, but it took lots of work and diligent logbook entries.

FISHING REPORT by Walt Thomas

On Tuesday, July 17th Walt Thomas (Captain), Tom Malone (member) and Bobby Nola (non-member) went fishing up by Barnegat Inlet. In the morning with an incoming tide we boated about 15 short Fluke. We went outside as the tide started to go out and drifted in about 40 feet of water picking up some more shorts and some rays. We decided to go back inside and fished close to the Lighthouse. On a drift Bobby's pole starts dipping and he starts cranking. The Fluke surfaces and we can see it's a KEEPER. It was BIG. I netted it and when we took the measurements it turns out to be 26 1/4 inches long and it weighed 8 lbs. on the Boca scale. Since Bobby's not a member no weigh-in took place. I filleted the fish and got four NICE big pieces of meat. It was an action packed day. That was the first doormat Bobby ever caught. So the total for the day was 23 Fluke boated and one doormat keeper.

What a Nice Fluke!

FISHING TIP by Russell Denton

This isn't a regular fishing report but is a great tip that I came across and tried and it works.... go to a Wal-Mart or other big box store where they have kids craft items crayons,,etc. I paid \$1.47 for a pair as compared to about six dollars for the yellow handled Calcutta's you find in bait stores,,IF ,, they have any at all. I use fire line or power pro all the time, and these inexpensive scissors cut it great,,at this price you can have a pair in your surf bucket,, on the boat,, in your freshwater box,, and one where ever it is that you tie your rigs....these things are super when the unthinkable SNARL occurs,,forget trying to untangle just snip it apart and start over....they come on orange colored ploypac card,,FISKARS across the top and Kids scissors ages 4+ along the side,,,, also at the bottom it says "lifetime warranty" various colored handles to suit your pleasure!!!

FISHING REPORT by Basil Dubrosky

On July 14, Russell Denton, Bill Dabney and I went out on my boat, "Togman" as part of the Sunshine Foundation Fluke and Bluefish tournament. This is a great multi-species tournament to benefit a great charity with a picnic and festivities at Great Bay Marina afterwards. It reminds me of the annual, End of Summer tournament that the VHFC would run in the old days.

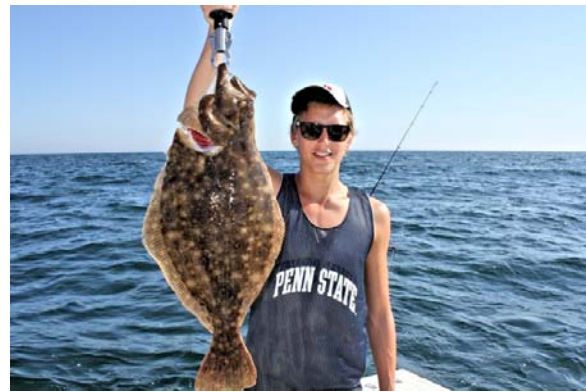

We departed the dock at 6 AM in calm, cloudy weather. We headed out the main channel of Little Egg Inlet and went to a wreck about 8 miles out. A dive boat was just setting up anchor as we drifted the structure. As the divers got ready to hit the water, we departed, without a hit, to give them the required privacy. We headed to the Little Egg Reef where we set up over the VHFC Charlie Kochka tank. There was no drift and no fish activity. It was so calm that I was able to view the tank clearly on my fish finder. I was able to raise a couple small fluke with a power drift but the action was very slow. None of the other boats around us were catching fish, only an occasional skate. I headed over to the Atomic Lump near the LE Buoy but conditions were the same and no fish biting.

Finally, I headed back into the main channel of the inlet in order to find some moving water. We got the last bit of the outgoing tide and caught about 6 shorts. We returned to the dock about 2:30. I was too tired for the picnic but Bill and his wife went over to the picnic and had an enjoyable time. There was good food, beer and raffles and drawings. Bill's wife even won one of the drawings.

FISHING REPORT by Brett Taylor

I know the reports are supposed to be when we fish, but this one was a charter. On Thursday (7/5/2012) - I had a charter where we boxed 3 fish (19, 20, and 22) in the same patch of water.

But the increased winds on Friday made for the most productive trip of the season. Fishing in 45-55ft of water south of Barnegat Inlet - the Cipolla charter boxed 9 keeper fluke (18" through 26"). Penn State swimmer and Olympic qualifier, Chris Cipolla, landed the biggest fluke taping out to 26in and weighing close to 7lbs. I recorded all of the lengths (18, 20, 21, 21.5, 21.5, 21.5, 22, 22.5, and 26). Nice long strips of squid did the trick to nail most of the flatties attached to the "flukasaurus" rigs. It is amazing how much difference one day will make - definitely the winds had something to do with it. For a good 45 minutes, we were picking 1-2 keepers up per drift - maybe 10 shorts the entire five-hour trip.

FISHING REPORT by John Henson - July 3, 2012.

I got together with my northern fishing partner, Cousin Russ, for an open boat Offshore Overnighter on the "Pez Machine" out of Barnegat Light. The Pez Machine is a 56' Core Sound Custom Carolina Sport fishing yacht with all the power and comforts you would expect on a boat of this caliber. We met up with Capt. Stew and mates Brian and Doug along with

fellow anglers Jerry and Lee for a 9 am departure on Sunday morning.

*** Let me say this about this Capt. and crew-- they are a young bunch of guys with the customer skills and angling expertise that are going to get them far in this business. They really want to put you on the fish and make sure you have a good time doing it!! They work hard and will make the changes necessary to put fish in the boat. They are also a good-natured group and you can clearly see that they enjoy their time working together and are fun to fish with!! ***

We arrived in the Wilmington Canyon about 1 PM and went right to the Tilefish banks. As soon as the lines were down it was "fish-on" with a good mix of Grey and Golden Tilefish. A couple of drops into it a school of Skipjack surfaced nearby and they were on the feed so Capt. Stew quickly got us on the troll. After a couple hours with nothing to show for it we returned to the Tilefish banks and proceeded to put some more tasty Tilefish in the box. Then we went back to trolling with the plans to troll until dark and drift for sharks through the night. While we were trolling we were also marking bait on the electronics and watching as the bait seemed to be working its way higher in the water column. Frustration was setting in due to lack of action and the crew was working hard to find the tuna! It was almost dark, and then the Yellowfin finally came up and slammed through the spread. We had 5 on at one time and managed to land 3 with one dropping on the hook up and another coming unbuttoned boat side. We quickly got all lines back in the water but the fish had gone back down and it was now dark.

We set up on the drift for the night and proceeded to put out the shark baits, chum bags, and one bait rigged for a possible swordfish. It didn't take long and we were hooked up with a 6-foot Hammerhead that was landed and released. Through the rest of the night we had another Hammerhead, about the same size as the first, around the boat for about an hour but he just wouldn't eat, and a Tiger shark briefly come through the slick, and looked to be 200-250 lbs. according to Doug, but it also wasn't interested in eating.

At daybreak it was back on the troll for a few hours looking for more Yellowfin. With no takers for our efforts, it was back to the dock for fish cleaning and clean up. It was good to get offshore, and to have some tasty Tile and Tuna to share with my family and friends. Thanks to

Capt. Stew and the guys for the memories and I hope to fish with them again soon.

VHFC T- SHIRTS AVAILABLE by Vince Sibona

VHFC T- shirts will be available at all meetings. The cost is \$18. Please see Vince to purchase yours while supplies last. T shirts may also be purchased by mail. Please send a check for \$23 which includes shipping to: VHFC, P.O. Box 1026, Manahawkin, NJ 08050. These shirts are very nice & are being sold at cost.

ROD & REEL RAFFLE DRAWING by Vince Sibona

We purchased this rod at Fisherman's Headquarters and Gregg at Fisherman's was very generous to donate the matching Penn reel.

PENN 7 foot...Medium 15 to 30 lb. weight class boat and surf rod. Brand new design this year to match the reel, which design is only a couple of years old. The rod is very light in weight and very sensitive, but has a strong backbone. It's great for bay or ocean fishing. The rod has a unique diamond design with Fuji guides, gold wrappings and trim to match the Penn reel. The Penn reel is a black and gold Battle 6000 with full metal body, side plate and rotor. It can be used with mono or braid line.

A portion of the proceeds will benefit the RFA. By purchasing one or more raffle tickets at \$5.00 each, you will be supporting the VHFC and the RFA. Winner need not be present to win. Raffle tickets will be sold at all of the meetings.

Total Value of Rod & Reel.....\$230.00 Raffle tickets...\$5.00 each.

The Rod and Reel Raffle Drawing will be held at the September Meeting.

OFFICIAL VHFC WEIGH-IN STATIONS

by Ray Williams

LATE BREAKING NEWS AS OF 07/16 The Chum Bucket is now an official Weigh-in Station

Beginning this year, we will have 2 official weigh-in stations. Both are Club Sponsors & offer VHFC members nice discounts: The 2 stations are **Fisherman's Headquarters & American Sportsman Bait & Tackle**. Location information is on the last page of the newsletter.

FREE VESSEL SAFETY CHECKS by Jeff Orsoe

I am doing free Vessel Safety Checks for VHFC members. There are many benefits to having your boat checked. First of all, you will be more confident of your boat's performance in an emergency. Second of all, a decal on your boat indicating that it has been checked might save you from a boarding by the Coast Guard. But most important of all, you will be protecting yourself & passengers in the event that you encounter a real problem while boating. If you are interested, please contact me preferably by email at jorsoe786@comcast.net or call me on my cell at 732-672-5530.

REMINDER TO RENEW YOUR VHFC MEMBERSHIP by Vince Sibona

Here are the benefits for renewing your VHFC membership. You will keep on receiving your newsletter by e-mail & your 10% discount from all of our sponsors with your new membership card. You can still attend the VHFC meetings which include; great speakers every month, updates on fishing regulations, nice refreshments, fishing discussion to share our recent fishing experiences and a "Hands On" at some meetings. More benefits. You have a chance to win fish of the month / fish of the year awards. You can participate in the fishing tournaments as well. To renew, you can print out a form off the web site or your newsletter and mail it in to the address with your \$40 check. If you can't print one out, call me and I will get a form to you. 609 597 6162 Or renew at the July 13 meeting.
