PRESIDENT'S MESSAGE by John Henson

I would like to thank everyone for the warm welcome I received at the September meeting. I think the VHFC has a lot to offer and I am looking forward to the opportunity to be your President.

It is quickly becoming one of my favorite times of the year. I am a surf fisherman at heart and the fall season is upon us. The nights are becoming cooler, the bait fish are on the move, and the Bass and Blues won't be far behind. Fall fishing on the beach has many things to offer; beautiful sunrises, solitude, stunning sunsets, and many forms of wildlife among other things. Some of the wildlife might include many forms of shore birds, diving gannets, pelicans, seals, dolphins and even whales. This spring was the first time I saw a whale from the beach and I was absolutely awestruck.

It is a great time to take your wife, girlfriend, children, or the grandchildren fishing, especially so if they are prone to seasickness as that will not be a factor on the beach. This is also the time of year when we can start driving on the beach. I spend a lot of time getting my "Beach Buggy" ready for the season. Remember to have the proper safety gear and

emergency gear in order and easily accessible, and don't forget to buy your permits. Please, as a fellow fisherman, if you are driving on the beach and see someone in need of help, like being stuck, stop to lend a hand. Someday this could be you, and I know if it were me, I would be very grateful.

There are many different species of fish you may catch at the beach, Blues, Stripers, Weakies, Kings, and Croakers, among others. The beach can be a very rewarding place, but remember to take in the entire experience, from the morning chill and the saltwater spraying your face to preparing your catch and sharing it with your family and friends. I drive a silver Jeep with a rod rack on the front so if you see me stop by and say Hello and tell a fish story or two!

Hope to see you in the suds,

John H

2008 TROPHY FISH OF THE YEAR PROGRAM by John Kleban

The same seven species will continue for our 2008 Trophy Fish of the Year Program.

Blackfish
Bluefish
Fluke
Sea Bass
Striped Bass
Weakfish
Winter Flounder

The rules are simple: you have to catch a fish of the above species, take it to one of our official weigh stations to have it weighed and recorded on our official weigh-in forms. If you have weighed in the largest fish of a particular species for the calendar year 2008, then you win the FOY trophy for that species. Note: your dues have to be paid before you catch an eligible fish.

2008 FISH OF THE MONTH AWARDS by John Kleban

The award for Sea Bass will be announced at the October General Membership meeting.

2008 FISH OF THE MONTH AND FISH OF THE YEAR AWARDS by John Kleban

Due to changes in New Jersey Fishing Regs, there are changes in the 2008 Trophy Fish of the Month Program:

March & April	Winter Flounder
May	Weakfish
June	Fluke
July	Bluefish
August	Sea Bass & Fluke
September	Sea Bass
October/November	Striped Bass & Bluefish

Fish of the Year & Month standings are recapped and updated on our website frequently. Click on the site to get current standings.

LUNAR CHART by Ed Wetmore

Lunar charts give you an estimate of feeding times based on the effects of moon and sun location. Many of us have seen similar tables in Field & Stream Magazine for years.

If you want to receive the latest table each month, simply send an email to Ed Wetmore (ejwetmore@comcast.net) and state your interest in receiving the Lunar Charts.

BIGMOUTH by Vince Sibona

A few years back our club sponsored a Striped Bass tagged by Rutgers University. Bigmouth was fitted with a special sonar transponder. Come to the October meeting to find out what has happened to Bigmouth over the last couple of years. He has traveled on quite a trip!

VHFC "GREEN PAGE" by Dave Sikorski

Gentlemen,
I have decided to create a "Green Page" for the VHFC website.

The concept is to:

Increase awareness to ordinary activities that can actually degrade water quality and fish habitat.

Provide various suggestions that people can follow to help improve water quality, fish habitat and the environment.

Provide links to websites with similar information.

I would appreciate if all of you would send me any

related web site links or suggestions that you may have that fit this strategy

UPDATE ON GREEN PAGE

The new Green Page is now active on our web site. This is only the first version of this page. I hope to add lots more to this, over time...

Please check it out, and provide any info & links you think we could add...

Thanks,
Dave
